Construction company moving to Germantown

J&B Construction Co., which has been in Milwaukee for 50 years and whose business was extensively damaged in an arson 11 months ago, is moving to Germantown.

The company, along with its roofing and sheet metal divisions, is moving to W140 N10589 Fond du Lac Ave. and bringing 46 full-time jobs, Equity Commercial Real Estate of Milwaukee announced today.

Equity brokered J&B's purchase of a 4.1-acre property at the site. J&B will occupy a 15,000-square-foot building, the largest of three buildings on the site.

A July 11 arson fire extensively damaged J&B Construction, 4380 N. Green Bay Ave., and two other businesses.
